SECRET/SECURITY INFORMATION

- 2 -

2.

Both the 112th and the 117th Rifle Regiments were composed of three rifle battalions. Each battalion had three AA machine guns. There were no AA artillery pieces assigned to the individual rifle regiments. Each battalion of the rifle regiment was composed of three rifle companies, one mortar company, one machine gun company and one artillery company. The artillery company had three 45 mm field guns. [redacted] the three AA machine guns in the battalion were also assigned to the artillery company.
